Westwood PTO Update

<https://westwoodpto.org>

Thank You to Our Westwood Heroes

In this historic time in our world, many individuals are being heralded as heroes...and rightly so. Under normal circumstances, next week would allow us to honor our teachers and staff during Staff Appreciation Week. Unfortunately, our gratitude has to be shared from a distance. So Westwood teachers and staff, please know, from your PTO Board and all parents, just how much we appreciate all you did for our children in the classrooms and how much you continue to do virtually. You are our heroes. You've shown your resilience when forced to teach in ways that have never been done before. You've demonstrated for our kids how to adapt and make the best of the circumstances life has thrown at us. These are skills that go far beyond the core measures, and our children will remember for a lifetime how you continued to love and guide them, even outside of the Westwood walls. Until we have a safe opportunity to properly celebrate you, please accept our sincere thanks for all you are and all you've done.
